Wood Solutions Fair Presentations meet the Continuing Professional Development requirements of the Canadian Institute of Quantity Surveyors (CIQS), Structured Learning requirements of the Ontario Association of Architects (OAA), Continuing Education Unit requirements of the Engineering Institute of Canada (EIC) and CES Learning Unit requirements of the American Institute of Architects (AIA). Courses may also qualify for other professional development credits. Please contact your professional association regarding course eligibility. In accordance with OAA guidelines for structured learning activities, personalized electronic participation certificates will be sent to the email address provided to us when you registered to attend the fair.

We thankfully acknowledge the support of the Toronto Wood Solutions Fair's Sponsors.
